Life Insurance–
Valuable protection for your loved ones

You work hard to provide a good life for your family. However, what if something happened to you? Would your family be able to continue covering expenses you may have today like mortgage payments, childcare, credit card payments, college tuition and other household expenses? What about burial expenses or expenses for long term care like nursing home or assisted living care?

Many families would struggle, especially if the primary wage earner died. And few families are able to afford nursing home care without some type of financial assistance.

LifeTime Benefit Term can help.

Nearly 70% of people turning age 65 will need some type of Long Term Care.[1]

$93,075 average annual cost for nursing home care in 2020.[2]

46% of households would face the financial impact... if the primary wage earner died.[3]

LifeTime Benefit Term Provides You with the Protection Your Family Needs

LifeTime Benefit Term helps protect you and your family if you were no longer able to provide for them. Your family can receive cash benefits paid directly to them upon your death that they can use to help cover expenses like mortgage payments, credit card debt, childcare, college tuition and other household expenses.

Cash benefits can also be paid directly to you while you are living for long term care expenses.

You Decide How You Want to Use LifeTime Benefit Term Benefits

When you make the promise to protect your family with LifeTime Benefit Term, there are several ways it can work.

As Life Insurance

LifeTime Benefit Term protects your family with money that can be used any way they choose. It is most often used to pay for mortgage or rent, education for children and grandchildren, retirement, family debt, and final expenses.

For Long Term Care* (LTC)

If you become chronically ill, LifeTime Benefit Term will pay you 4% of your death benefit each month you receive Long Term Care. You can use this money any way you choose, and your life insurance premiums will be waived.

- Your death benefit will reduce proportionately each month as you receive benefit payments for Long Term Care. After 25 months of receiving Long Term Care Benefits, your death benefit will reduce to zero.
- With Extension of Benefits*, if you continue to need LTC after you have exhausted your Death Benefits, you can receive up to 25 more months of benefits, for a total of 50 months of LTC benefits.

Term Life Insurance Built for Today

Guaranteed Premiums*
Life insurance premiums will never increase and are guaranteed to age 100. Thereafter no additional premium is due while the coverage can continue to age 121.

Guaranteed Benefits During Working Years
Death Benefit is guaranteed 100% when it is needed most—during your working years when your family is relying on your income. While the policy is in force, the death benefit is 100% guaranteed for the longer of 25 years or age 70.

Guaranteed Benefits After Age 70
Even after age 70, the full death benefit is designed to last through age 99 for non-tobacco users and age 95 for tobacco users based on the current interest rate and mortality assumptions. Regardless of interest rates, the death benefit after age 70 is guaranteed to always be at least 50% of the initial benefit and will likely be more given the current interest rate.

Paid-up Benefits
After 10 years, paid-up benefits begin to accrue. At any point thereafter, if you stop paying the premium, a reduced paid-up benefit is issued and can never lapse. That means when you retire, you can stop paying the premium and have a death benefit for the rest of your life—guaranteed.

Long Term Care (LTC)*
If you need LTC, you can access your death benefit while you are living for facility care, home care, or community-based services. The LTC benefit is triggered by: (1) Impairment in two out of six activities of daily living: eating, bathing, dressing, transferring, toileting, or continence; or (2) cognitive impairment. You get the greater of 4% of your death benefit per month or $50 per day while you are living for up to 25 months to help pay for LTC. Insurance premiums are waived while this benefit is being paid.

Extension of Benefits*
Extends the monthly Long Term Care benefit for up to an additional 25 months, after 100% of the base death benefit has been used for LTC.

Terminal Illness
After your coverage has been in force for two years, you can receive 50% of your death benefit, up to $100,000, if you are diagnosed as terminally ill.

Good things happen every day, and unfortunately hardship happens too.
Let us help you protect everything you value.

* LTC and Extension of Benefits premiums may be adjusted based upon the experience of the group or other group characteristics that may affect results.
